

Have you got what it takes to score in front of a full house?

IT'S PLAY TIME!!!

Become the world's greatest online footballer – for FREE!

It's what every park footballer has been waiting for: the chance to play in front of thousands of adoring fans, score the winning goal in the final of a major competition and, ultimately, become the world's greatest footballer. And that's exactly what Football Superstars offers every cyber-striker, internet enforcer and web wing-wizard.

That's because Football Superstars is different from every other version of the beautiful game. How? Well, Football

Superstars is all about one person: you. Rather than controlling the player closest to the ball you'll only be able to manipulate the player you walked onto the pitch with. Your team-mates, just like in real life, will be controlled by other online players.

The other key difference from your average football game is that the action doesn't stop once the final whistle blows. In the Football Superstars world, the better you do on the pitch, the bigger star you become off it. Score in a match and expect to be recognised in one of the game's night clubs later.

Before you become a VIP, though, you need to learn the basics. After starting out with three and five-a-side games, you will rise up the ranks, on your way to superstardom, saving some of your salary for one of the gyms to

Spend your wages on a designer suit or a shiny new golden tuxedo

make you stronger and more agile. Some players are all about the bling, and this is catered by shops selling anything from designer suits to gold tuxedos! After all, nothing says celeb footballer quite like a gold tux!

As you rise up the rankings, more game modes – seven to 11-a-side – will become available as will the type of night spots you are allowed into.
