

Once again Football Superstars brings you all the latest updates and news from the world's BIGGEST virtual online football game

We promised our FS players that we'd make football heroes out of them, and this month, we're glad to print some of their experiences, thoughts and opinions on the Football Superstars' world...

Please tell us the name of your club, your role in it, and how you formed or were scouted.

"I am a striker in one of the most successful clubs in the game, Universal FC. I had applied to join long ago and was accepted. The progress I've made since I joined is massive, which shows the importance of teamwork in a player's performance." *Diogouras (Michael Lorenzos), Athens, Greece*

Why did you start playing FS?

"I only found out about FS when reading an issue of FFT - the moment I heard about it I've been looking forward to it because it allowed me to do one thing I can't in real life, which is play competitive football, as I'm actually disabled. It's not the same thing but it's the closest I'll probably get." *Baku (Andrew King), Nottingham*

What keeps you playing FS?

"Playing good, stylish football with the right people with the right attitude, and striving to be the best that I can be." *DaBigBlast (Patrick Martin), Ireland*

What does FS have that no other football game does?

"FS has the ability to bring people from different countries together to play and have fun. It beats previous football games in the sense that you only control the one player in comparison to a whole team, and as it's PvP, it makes every game interesting and different." *Theodinho (Chris Bissett), Kent*

What is the most rewarding thing about running a club in FS?

"I've been in higher positions in a club, and for me the most rewarding was scouting new talents and helping them out to become better. It gives a great feeling of accomplishment." *Evanzinho (Daniel Andreasen), Denmark*

Who do you think are going to be the toughest opponents in the FFT league?

"Tigers are always a hard opponent. They have good players with high stats,

so watch out for them." *Anelkas (Tommy Bjornstad), Klofta, Norway*

What tactics are you going to employ to try and win this competition?

"Pass the ball a lot and not give the ball away carelessly, try and keep possession and play at a high pace so the opposite team can't keep up with us!" *Invinciman (James Kilpatrick), Buckinghamshire*

Any top tip for potential FS players?

"First of all use the tutorial and use it until you understand the mechanics of the game, ask experienced players for help if they are willing to help and play your position you are given in the game." *Caketaker (Richard Aizlewood), Chesterfield*
