

Virtual training: A lot easier than the real thing

WELCOME TO A FOOTBALL REVOLUTION!

Emulate your heroes on and off the pitch in the cyber world of Football Superstars

We all dream of playing football on an international stage, the glory of scoring a winning goal in front of thousands of fans and the fame that comes with these achievements. The problem is, however, that for most of us, this will never be more than just a dream. Until now.

Football Superstars is a free to play game where you take a player from lowly amateur beginnings to international superstardom. Simply create a character and guide them through each game, all while your

team-mates are similarly controlled by individual players. The best part is that it takes place in a stunning 3D virtual universe where you can visit bars, shops and restaurants as a celeb footballer.

Practice Makes Perfect

Of course, no player becomes a legend without a good teacher and plenty of practice. Therefore, as a new signing you will have access to the very best training facilities within the Puma Academy, a specially designed training school. This is where you will learn the ropes and take your first steps towards superstardom.

Within the walls of the Academy you will be taught the tricks of the trade as well as having the chance to practice at your own pace. Once you've found your feet you can start putting it into practice against computer controlled players

The better you do on the pitch, the more your celebrity grows off it

before venturing outside and finding real life opponents.

With over 400,000 players from over 150 countries already registered, Football Superstars are now delighted to introduce themselves to the discerning *FourFourTwo* audience. Over the next 12 months we will report on a whole new aspect to the beautiful game and encourage you all to join in.

YOUR CHANCE TO BE IN FFT

Launching in September will be the Cybersports Player Managed Club (PMC) League, the long awaited competition that will see the cream of the Football Superstars world challenge one another for a chance to win the title. However, that's not all that's up for grabs.

The winning team will get their very own personally tailored PMC kit to wear in the real, non-cyber world. The top three teams will also win unique virtual representations of their custom strips to wear in the 'lifestyle' part of the game. **Best of all, though, is that every month, the top performing players, manager and teams will be featured in FFT.**

The competition doesn't kick off until September, so you have time to pull a team together and get some practice. Then all you need to do is to sign up via footballsuperstars.com and you're all set for a shot at glory.

GET YOUR BOOTS ON...

Want to become an online Football Superstar? Here's how to get going

Football Superstars is an online based PC game, so all you need is a computer and internet access.

To play in the league you'll need to be a member of a PMC [see side bar].

You can either create your own or join up with an existing club by heading to the PMC Recruitment section of the forums at footballsuperstars.com. Alternatively, you may want to start

your own club. You need to be a subscriber to create a PMC, but anyone can join. So, what are you waiting for? Football superstardom is only a click away.
